

Yan Ching YIP (Angel)

My aspiration to become a project / product manager is fueled by my desire to unlock and maximize business value. I am drawn to the opportunity to spearhead projects where I can directly influence outcomes, blending my technical background with strategic thinking.

MAIN EXPERIENCE

Taknology (Canada) Inc., Richmond Hill — *Account Manager*

NOV 2023 - PRESENT

- Strategically planned and executed targeted marketing Flyer promotions, contributing to increased brand visibility and product awareness (OM System / Canon) for clients (Best Buy/ Gosselin/ Canex).
- Developed and nurtured strong client relationships, fostering trust and communication to ensure long-term partnerships.

HKE Holdings, Hong Kong — *Associate Product Manager*

JUN 2021 - JUN 2023

Go-Live Product - Trading APP : <https://www.monmonkeygroup.com/>

- Promoted from Senior Web Application Developer
- Led the complete development cycle of a cutting-edge mobile trading app and internal admin portal, overseeing the entire Zero to One process.
- Assumed full responsibility for product requirement preparation and system architecture designs, ensuring a smooth transition from the original vendor-built trading app with cross functional teams.

Hitchbond Ltd, Hong Kong — *IT Developer*

FEB 2020 - JUN 2021

Go-Live Platform : <https://www.hitchbond.com/>

- Developed front-end solutions for social enterprise projects, including instant message chat rooms, purchasing systems, and booking & management systems.
- Designed and migrated database structure from Lean Cloud to AWS, optimizing performance
